Like soap to the skin are Cascarets to the bowels. Use them like soap-in small doses and regularly. It is nice to keep clean inside.

It is a great deal more necessary to keep clean on the inside than on the outside.

Cascarets are more important than soap. The pores of the skin may become clogged with dirt, but they don't absorb the impurities. The pores of the bowels do.

There are myriads of pores in the bowels, the duty of which is to absorb the nutriment from food. That's how we get our nourishment.

But if the bowels are sluggish the food is delayed. It decays and forms gases and poisons. Then those pores of the bowels suck poison into the blood. That's how we get our ills.

We urge the habit of cleanliness. Don't wait till you need a physic. That leaves too much of the time when you are only half well.

Keep yourself at your best. The right way is to carry a box of Cascareis with you. It fits the pocket or purse. Take one just as soon as you know that you need it. It is gentle and sure.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and
